SAFE HARBOR STATEMENT

Statements contained herein that are not historical facts are forward-looking statements based on management's current expectations and beliefs concerning future developments and their potential effects on the Company. Such statements involve inherent risks and uncertainties, many of which are difficult to predict and are generally beyond the control of the Company. There can be no assurance that future developments affecting the Company will be the same as those anticipated by management. The Company cautions readers that a number of important factors could cause actual results to differ materially from those expressed in, or implied or projected by, such forward-looking statements. These risks and uncertainties include, but are not limited to, the following: the strength of the United States economy in general and the strength of the local economies in which the Company conducts operations; the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System; inflation, interest rate, market and monetary fluctuations; the impact of changes in financial services policies, laws and regulations; technological changes; mergers and acquisitions, including costs or difficulties related to the integration of acquired companies; changes in the level of the Company's nonperforming assets and charge-offs; any deterioration in values of California real estate, both residential and commercial; the effect of changes in accounting standards and practices; possible other-than-temporary impairment of securities held by the Company; changes in consumer spending, borrowing and savings habits; ability to attract deposits and other sources of liquidity; changes in the financial performance and/or condition of our borrowers; the impact of competition from financial and bank holding companies and other financial service providers; the possibility that any of the anticipated benefits of the Company's recent merger with FNBB will not be realized or will not be realized within the expected time period, or that integration of FNBB's operations with those of the Company will be materially delayed or will be more costly or difficult than expected; the challenges of integrating and retaining key employees; the possibility that the merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events; unanticipated regulatory or judicial proceedings; the costs and effects of litigation and of unexpected or adverse outcomes in such litigation; and the Company's ability to manage the risks involved in the foregoing. Additional factors that could cause results to differ materially from those described above can be found in our Annual Report on Form 10-K for the year ended December 31, 2017, which is on file with the Securities and Exchange Commission (the "SEC") and available in the "Investor Relations" section of our website, <https://www.tcbk.com/investor-relations> and in other documents we file with the SEC. Annualized, pro forma, projections and estimates are not forecasts and may not reflect actual results.

Keefe, Bruyette & Woods Community Bank
Investor Conference

PREMIER NORCAL COMMUNITY BANK

- TCBK has an extensive presence throughout Northern California and the Central Valley with 67 branches
- FNBG's twelve branches across the SF Peninsula provide scale in a key Northern California market
- FNBG adds an established presence with a 50+ year history serving the SF Peninsula
- San Francisco is the economic hub of Northern California, located ~150 miles from TriCo's headquarters in Chico, CA
- Significant business activity exists between San Francisco and other Northern California markets within TriCo's footprint

MARKET POSITION IN NORCAL

- FNBG and TriCo will create the largest Northern California-based community bank at over \$6bn in assets
- TriCo currently has a dominant market share in several Northern California markets
 - #1 ranked deposit market share in Chico and Redding MSAs (~25% of total market)
 - Represent stable markets with low-cost, “sticky” deposits
 - Top 5 market share position in 42% of TCBK’s counties
- FNBG’s San Francisco presence provides increased growth prospects with strong demographic trends
 - Larger and thriving markets with affluent population base and significant business opportunities
 - Ample scale with capacity to improve market penetration
 - One of the largest, best-positioned community banks serving San Francisco
- TriCo’s recent expansion into Sacramento, CA complements San Francisco as a metro growth opportunity
