CHICO, CA – July 1, 2021 – Tri Counties Bank was named one of America's Best-In-State Banks by *Forbes Magazine* – ranked #2 overall in the state of California. Forbes and Statista identified America's Best-In-State Banks 2021 based upon an independent survey of approximately 25,000 U.S. consumers who were asked to rate banks at which they have or previously have had checking accounts. Participants rated overall satisfaction and also assessed institutions on various characteristics, including Trust, Terms & Conditions, Branch Services, Digital Services, Customer Service, and Financial Advice.

"We are honored to receive this designation from Forbes Magazine. This award represents our bank-wide commitment to providing a superior level of service to residents and businesses throughout California," said Dan Bailey, Executive Vice President, Chief Banking Officer, Tri Counties Bank.
